

Mantavya Maan
Mathematics
Indian Institute of Technology Bombay

23B3308
B.S.
Gender: Male
DOB: 17/08/2005

Examination	University	Institute	Year	CPI / %
Graduation	IIT Bombay	IIT Bombay	2027	8.86

Pursuing a minor degree in **Game Theory and Logic** from Computer Science Department, IIT Bombay

SCHOLASTIC ACHIEVEMENTS

- Secured top **0.49** percentile in **JEE Main 2023** examination out of **1.1 million** eligible candidates all over India
- Among the top **0.97** percentile in **JEE Advanced 2023** examination out of **0.18 million** candidates all over India

PROFESSIONAL EXPERIENCES

Data Analytics | Summer Intern | Fino Payment Bank

(June'25-July'25)

- Analyzed large financial datasets using SQL and Python, uncovering key market trends and customer behavior.
- Developed interactive Tableau dashboards, effectively communicating insights to support strategic business decisions.
- Collaborated with cross-functional teams, enhancing data integrity and contributing to improved analytical models.

Machine Learning & Data Engineering | Gradpipe

(Nov'25-Dec'25)

- Architected high-dimensional talent discovery engine using vector databases and hybrid search improving relevance.
- Engineered AST-based code analysis pipeline evaluating complexity, concurrency, and memory for builder scoring.
- Developed LLM evaluation framework ensuring consistent benchmarking accuracy using judge-evaluator pattern.

Business Analyst to Founders Office | DockRack AI

(Jan'26-Feb'26)

- Drove 300% pipeline growth onboarding Aditya Birla, generating global leads, and building compliant SaaS workflows.
- Contributed to brand visibility with major recognitions, including Inc42 Top 30 Startup, secured backing from NVIDIA
- Collaborated with product team on AI-driven document classification system, improving auto-tagging accuracy by 40%

KEY PROJECTS

Data Structures & Algorithms | Summer of Science | Maths & Physics Club

(Jul'24-Aug'24)

- Developed & optimized data structures & algorithms in C++ along with solving a lot of problems on leetcode
- Utilized C++ standard library components like vector, map, set, priority-queue for efficient implementation
- Optimized dynamic programming solutions to reduce time space complexity while handling edge cases

Algorithms for competitive programming | Season of Code | Web & Coding Club

(May'24-July'24)

- Learned about a variety of data structures algorithms for their application in competitive programming
- Developed a good understanding learning of arrays, trees, graphs, sorting, searching dynamic programming
- Optimized dynamic programming solutions to reduce time space complexity while handling edge case

Essentials of Finance | Learner's Space | Finance Club

(Jul'24-Aug'24)

- Strong foundation in financial analysis, including interpreting financial statements(balance sheet, cash flow, etc.)
- Getting proficient in time value of money, capital budgeting (NPV, IRR) along with some investment fundamentals
- Learned about personal finance, financial markets, corporate finance along with applying the key financial ratios

TECHNICAL SKILLS

Programming C, C++, Java, Python (Numpy, Pandas, Matplotlib, Tkinter, Turtle) , HTML, CSS, JavaScript, OOPS
Software Microsoft Office, Figma, Jira, Canva, CAD, Power BI, Tableau, Fusion 360, LTspice, Latex, Json, Pixel

EXTRACURRICULAR ACTIVITIES

Sports	- Participated and won silver in Fresher' Sports General Championship Powerlifting (Oct'23) - Participated and won bronze medal in the Overall Institue Level Powerlifting opens (Mar'24) - Managed 15+ T20 matches during Aahvan, managing schedules, and smooth execution (May'25)
Misc	- Participated in Equity Research Competition by conducting fundamental analysis on 20+ firms - Managed hostel maintenance for 500+ residents, improving efficiency and organizing events. - Worked as an Operations and Marketing Coordinator in Entrepreneurship Cell, IIT Bombay. - Worked as a Services and Operations Coordinator in Mood Indigo, Asia's Largest Cultural Fest - Worked as an Infrastructure Coordinator at Techfest, IIT Bombay, Asia's largest Technical Fest
